

Cody Webb

FCAS, CPCU
Consulting Actuary

CURRENT RESPONSIBILITY

Cody is an actuary with the Property and Casualty practice in Milliman's San Francisco office. He joined the firm in 2015.

EXPERIENCE

Cody's areas of expertise includes:

- Personal lines homeowners and auto ratemaking, including development of generalized linear models and incorporation of data from industry sources, competitors, and catastrophe models.
- Pricing optimization, including data extraction and preparation, construction and validation of elasticity models, profitability analysis, and development of quantitative framework.
- Competitive intelligence for ratemaking and product development, including development and analysis of granular competitor data, application of batch rating programs, and rating plan design.

Cody has built a variety of complex custom models focusing on a wide array of subjects, such as customer lifetime value analysis, financial forecasting, customer acquisition cost, underwriting expense allocation, and enterprise risk management.

Prior to joining Milliman, Cody was an actuary with CSAA Insurance Group in Walnut Creek, California. His roles included homeowners pricing, competitive intelligence, and actuarial research.
